

April 15, 2010

John Schmidt (AKA The Captain) shot a hole in one on hole #4 in a practice round. John said. "It was windy and the hole was playing about 156 yards. I hit my 7 iron just past the trap, the ball bounced right, to the green, rolled across and into the cup." Just like he pictured it before he swung.

I've golfed with John and I am thinking the ball was right and the rocks were involved. :)
