John French made a hole-in-one on #4. Here is the story as only John can tell it:

Dave and I were 4 over with one hole to go, number 4. I told Dave, "let's both get a hole in one, not only will we knock two off our score, but we will do something rarely if ever done before. They will right books about us and we will probably be on the tonight show."

Dave told me to go first, the hole was playing 152 yards. I grabbed my 9 iron and put a perfect swing on the ball, the ball landed a foot before the hole bounced over the hole and spun back and dropped out of sight. I asked if that went in and both Dave Perna and Devin Holmes said "holy @\$% that's in!!"

My first one, it was expensive, but it was worth it!!

Congratulations!
